

Ear Shield

Dr Andrew Simonsen, DO
Dr Angela Black, MD
Dr Bruce Maddern, MD

EarShield is a personal skin care cosmetic spray for conditioning and cleansing of the ears PRIOR to water based activities. Delivering a fine metered spray of a unique blend of water repellent Olive, Mineral & Tea Tree Oil into the outer ear, finely coating the auditory canal, giving a conditioning water repellent and cleansing action. Each spray contains approximately 0.05ml of oil solution and should be sprayed into the ears prior to entering the water.

It can also be used to help with ear wax and dry ears.

It can be purchased on Amazon

Instructions for use:

Insert 2 squirts in each ear 2-3 times a week.
