## WELCOME

Welcome to Jacksonville Surgery Center. We are pleased that you and your physician have chosen us to care for you. To start the pre-surgical assessment process, Jacksonville Surgery Center asks that you fill out your medical history online with **One Medical Passport**. This will take about 15 to 30 minutes depending on your health history.

We ask that you enter your medical history online as soon as your surgery has been scheduled. Once you do this, our Pre-Surgical Assessment nurse will be able to access the information you entered online. This information will assist the nurse in organizing and documenting your complete medical history to prepare for your surgery.

### **REQUIRED**

Please Go To Our Website  
[www.jaxsurgerycenter.com](http://www.jaxsurgerycenter.com)  
And Follow Prompts Under The  
Pre-Register Icon  
To Complete Your Medical  
Background As Soon As Possible.

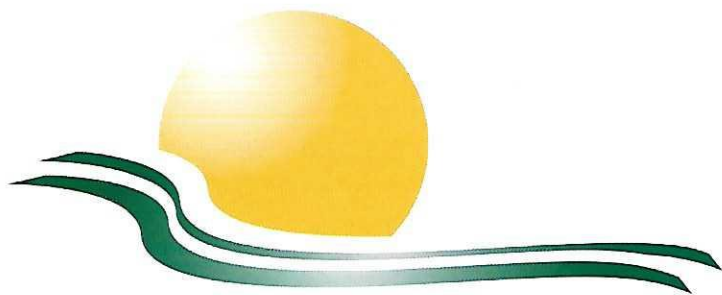

**NOTE:** If you do not have computer/internet access, please have a family member, friend, or healthcare surrogate assist you in completing your on-line pre-surgical assessment. If you are not able to complete your history online before you arrive at the center for your surgery, there is a computer kiosk in our lobby that you may use anytime prior to your procedure. If you choose this option on the day of your procedure please allow 20-30 minutes before your scheduled arrival time to allow for completing the assessment.

\*For your own safety, our policy requires that you arrange for an adult to accompany you to the Surgery Center, drive you home, and stay with you the first night. In accordance with state statute, no patient is allowed to drive himself or herself home from the Center or be at home by themselves the day of surgery if they have had any type of anesthesia including sedation.\*

Our website also has more detailed instructions, maps and driving instructions to the facility. Please feel free to call us at (904) 281-0021 for any questions.
