WELCOME

Welcome to Parkside Surgery Center. We are pleased that you and your physician have chosen us to care for you. To start the pre-surgical assessment process, Parkside Surgery Center asks that you fill out your medical history online with **One Medical Passport**. This will take about 15 to 30 minutes depending on your health history.

We ask that you enter your medical history online as soon as your surgery has been scheduled. Once you do this, our Pre-Surgical Assessment nurse will be able to access the information you entered online. This information will assist the nurse in organizing and documenting your complete medical history to prepare for your surgery.

REQUIRED

Please Go To Our Website
www.parksidesurgerycenter.com
And Follow Prompts Under The
Pre-Register Icon
To Complete Your Medical
Background As Soon As Possible.

NOTE: If you do not have computer/internet access, please have a family member, friend, or healthcare surrogate assist you in completing your on-line pre-surgical assessment. If you are not able to complete your history online, our Pre Op Assessment Nurse will take your medical history via telephone interview.

For your own safety, our policy requires that you arrange for an adult to accompany you to the Surgery Center, drive you home, and stay with you the first night. In accordance with state statute, no patient is allowed to drive himself or herself home from the Center or be at home by themselves the day of surgery if they have had any type of anesthesia including sedation.

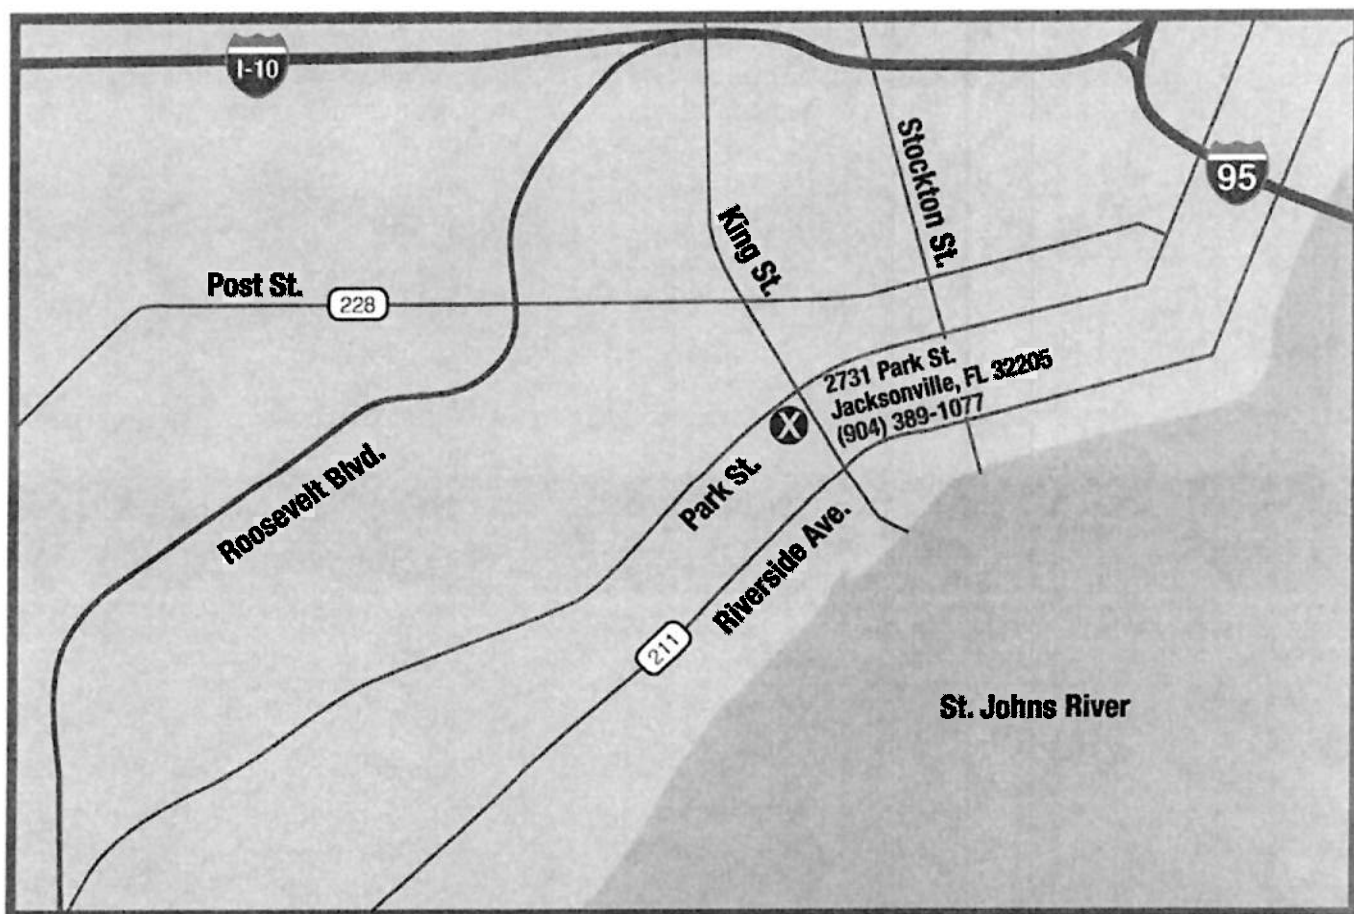

Our website also has more detailed instructions, maps and driving instructions to the facility. Please feel free to call us at (904) 389-1077 for any questions.
